Highlight: Commencement 2019

Congratulations!

Arts and Science students gathered on Alumni Lawn the morning of May 10 to mark the end of their time here at Vanderbilt and the beginning of the next chapter in their lives. [View the full highlight reel](#) of Commencement 2019 and join us in congratulating our newest alumni!

Dear Arts & Science community,

On May 10, I had the pleasure and the honor of congratulating the newest graduates of the College of Arts and Science at Vanderbilt's 146th commencement. The nearly 900 undergraduate and close to 200 graduate students were beaming with pride as families, friends, faculty, and staff celebrated their graduation and officially welcomed them as Vanderbilt alumni.

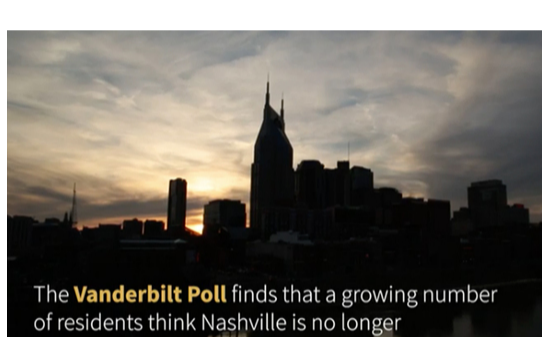

As I looked at these amazing students, I could see their excitement, hope, and optimism about the future ahead of them. And with good reason: armed with their Arts and Science diplomas, they are prepared to use their education to make a difference in the world.

Student Spotlight

Bill-Kande Badi never imagined he'd pursue a career in film when he traveled more than 8,500 miles from his hometown of Pretoria, South Africa, to study at Vanderbilt. But then he signed up for Cinema and Media Arts courses and "fell in love with making movies."
