Dear [Your Name],

The continued success of A&S during the pandemic has required the sustained and collaborative work of all members of our community. In this month’s letter, Dean Geer offers his gratitude to the tireless efforts of the often unsung heroes: A&S staff.

ADJUSTED SPACES | Science labs during COVID-19

In Part II of our series on learning and teaching during the pandemic, our expert panelists discuss the evolution of science labs, from chemistry labs to the tunnels that run underneath Vanderbilt. A&S students and faculty are finding opportunities to advance our research and understanding of the world around us.
