

How to view my Compensation

- 1) Log into Oracle- <https://hr.vanderbilt.edu/systems/>
- 2) Select “Show More” on the left-hand side below “Quick Actions”

- 3) Scroll down and select “My compensation” under “Compensation”

This will show your current salary as well as any current and past compensation (under Additional Compensation). I am not sure if it will show any future compensation. If you have any summer salary in July or August you may need to wait until those effective dates to see it reflected here.
